- Experience with iPhone SDK 2.0 and on
- Participate in brainstorming
- Ability to plan and design Databases and Back End pipelines for large scale projects
- Xcode Programming Experience
- Unity Programming Experience

Requirements

- + At least 1 year of programming experience (Xcode, Unity)
- +Cocoa and Objective C Programming
- +Knowledge of the iPhone SDK 2.0 and on
- +Knowledge of MySQL and SQL Database Design
- +Markup languages: HTML, X-HTML-MP, WML 1.3
- +Images: JPEG, GIF, PNG, WBMP
- +Complex Presentation Formats: Frames, RSS, ATOM
- +Scripting Languages: Javascript® 1.5 including Ajax Support, EXMAScript, WML Script 1.2.1
- + Experience in design and developing shopping carts
- + Experience with the Adobe suite of design software
- + Proficient in cross-platform development (Windows and Mac, etc.) using all current browsers
- + Passion for design, usability, and innovation
- + Strong knowledge of user experience and usability issues
- + Self-starter with excellent communication skills
- + Ability to translate brand identity and print materials into compatible web designs
- + Desire to learn and become proficient in new technologies
- + Candidate must be available to work in our office (no outsourcing or telecommuters please)

About Penté Group

We create immersive, immediate and impressive user experiences.

WHY WE'RE DIFFERENT

What makes us unique? We are specialized in interactivity. That's it. Our associations with other top advertising agencies help us with traditional campaigns, while the work we produce internally is exclusively technology driven and interactive. That means: Web, Mobile, Widget, and Desktop Applications.

WHAT WE DO

We are a cross platform interactive agency based in Montreal, Los Angeles and Nassau. We develop software solutions for our clients that push the boundaries of interactivity and entertainment while leveraging social media and other marketing initiatives.

We wish to thank all candidates for their interest and effort in applying for this position, however, only candidates selected for interviews will be contacted.
